

SECURITY INCIDENT INVESTIGATION & CROSS-BORDER VENDOR AUDIT

Audit Reference: AUD-2026-X779-SEC
Timestamp: 2026-08-19T14:32:00Z
Classification: RESTRICTED — INTERNAL GOVERNANCE & SOC LEVEL-3 ONLY

1. Incident Chain & Corporate Governance Oversight

The Chief Information Security Officer, Dr. Tariq Al-Mansoor (Email: t.almansoor@apex-global.de, Office Desk: +49-30-5698-2300, Tax ID: DE-815293847), initiated an immediate dependency review across the Apex Payment Gateway Infrastructure. The internal escalation confirmed that Enterprise Risk Intelligence Engine (Asset ID: AST-9022-KG) experienced unauthorized configuration changes during an automated pipeline deployment.

The following internal personnel and third-party contractors were interviewed by Senior Compliance Officer Helena Vane (Staff Code: EMP-44910, PAN: BNZPV1928M, Direct Line: +91-44-2250-9182):

Siddharth Ramanathan (Principal Site Reliability Engineer, Employee ID: EMP-10294, National ID: [Aadhaar Redacted], Work Phone: +91-98409-11223, Address: Flat 4B, Kaveri Towers, OMR Road, Chennai 600096)

Ananya Deshmukh (Data Engineering Lead, Employee ID: EMP-88319, Tax ID / PAN: AAAPD9012L, Personal Contact: ananya.deshmukh.dev@protonmail.com, DOB: 1991-04-12)

François Dubois (External Security Consultant, Contract Reference: CTR-2026-091, French National ID / NIR: 1 89 05 75 042 128 45, Corporate Email: f.dubois@cyber-audit.fr, Mobile: +33-6-5551-0199)

2. Architecture Dependencies & Multi-Vendor Network

The Core Settlement Pipeline (Project Hyperion) maintains a critical operational dependency on CloudScale Systems GmbH for provisioning high-throughput Kafka message brokers. CloudScale Systems GmbH contractor Lukas Weber (Contractor ID: EXT-8910, Work Email: l.weber@cloudscale-systems.de, Passport: C44901928) deployed custom helm charts to Kubernetes cluster k8s-prod-eu-central-1.internal (10.240.12.88, MAC: 00:50:56:A1:B2:C3).

Furthermore, Project Hyperion directly routes downstream transactional payloads to FinTech Gateway Corp, which relies on Deutsche Bank AG for settling interbank euro clearing. Settlement account details:

Account Name: Apex Global Operations Clearing

IBAN: DE89 3704 0044 0532 0130 00

SWIFT / BIC: DEUTDEDBXXX

Designated Treasury Approver: Rajeshwari Swaminathan (Finance Director, PAN: AFRPS8821B, Desk Ext: 4902)

3. Departmental Allocation, Resource Costs & Sensitive Ledger

4. Forensic Audit Trail & Dependency Impact Statements

"On August 14, 2026, Lead Architect Siddharth Ramanathan linked Project Hyperion with Project Titan via enterprise messaging bus Apache Kafka, exposing internal data flows to CloudScale Systems GmbH."

"The internal automated payroll gateway inadvertently transmitted unmasked credit card logs (PAN: 4111-2223-3334-4445, Expiry: 11/29, CVV: 491) to backup object storage s3://apex-prod-risk-audit-vault/."

"CISO Dr. Tariq Al-Mansoor confirmed that if CloudScale Systems GmbH fails, Project Hyperion, Project Titan, and the Enterprise Data Division will face immediate outage."

"Compliance Officer Helena Vane verified that CyberRisk Solutions SAS holds active audit privileges over all infrastructure managed by FinTech Gateway Corp."
